TUNDRA

Bold - Sophistication

TUNDRA

Style that embodies intention and confidence.

Layered dark hues come alive against polished whites, bringing depth and distinction to every room. The result is an atmosphere that feels striking yet inviting —equally suited to lively gatherings and unwinding at home.

A distinctive expression of modern design, thoughtfully removed from passing trends. Midnight tones and sleek textures create a space that's invigorating and full of character; yet intimate and comforting.

Personalize your home with thoughtfully selected options, guided by a Daytona Design Expert.

A personalized home allows you to choose from key features like your cabinets, wall tiles, hardware, and more.
